## THE LANGUAGE TUTORING PROGRAMME

To allow each student to benefit fully from Mosaic’s bilingual programme, the school has set up a structure to accommodate students with little or no knowledge of French and/or English.

From the 3P class, the Language Tutoring Programme in French and/or in English is obligatory for each student who has not already completed three full years of bilingual French/English schooling.

The student is tested at the beginning of the school year by Mosaic to evaluate his/her level and the tutoring year appropriate to him.

### Tutoring year according to when your child joined Mosaic:

| Joined Mosaic in class: | Tutoring Year in class 3P: | Weekly schedule:  | Fees: Δ             |
|-------------------------|----------------------------|---|---------------------|
| <b>Early Years</b>      | No tutoring *              | -   | -                   |
| <b>1P</b>               | Tutoring Year 3#           | 1 session§ during school hours + homework 1 x per week  | 20% of tuition fees |
| <b>2P**</b>             | Tutoring Year 2#           | 2 sessions§ during school hours + homework 1 x per week | 25% of tuition fees |
| <b>3P and above</b>     | Tutoring Year 1#           | 3 sessions§ during school hours + homework 1 x per week | 30% of tuition fees |

\* Except in the event of learning difficulties

\*\* In the event of a slower language acquisition, extra language support is available in 2P

# Dependent on evaluation at the beginning of the year and, if necessary, during the year

§ Each group session lasts between 1 hour and 1 hour and a half.

Δ For students enrolled in tutoring in both languages, a discount will apply

### How the tutoring works:

The students are placed in groups of maximum five students. They are withdrawn from their class for 1 to 3 sessions per week during school hours by a tutor in French or English, as appropriate. In addition, there is 1 session of tutoring homework per week from 4 pm to 5 pm.

We expect it to take up to three years for a child to acquire, develop and master the new language.
